PRODUCT INFORMATION SHEET

**HAWORTH®**

Brought to life by Patricia Urquiola and Haworth, Openest lounge furnishings bridge the unexpected and familiar—bringing a distinctly new perspective to the work landscape.

Inviting and approachable, the Chick pouf envelops you in comfort. Keep the back up for a cozy, eggshell-like nook. Flip it down and the Chick pouf becomes an ottoman or a catchall surface for work tools and personal items.

Coordinated fabrics in colors that range from serene to energized, complemented by stitched accents, add to the visual appeal. Easy to arrange and ready for anything, the Chick pouf is at home in any space—from the living room to the office.
