

Jive™

Collaborative & Conference Tables

PRODUCT SHEET

HAWORTH®

Whether it's a quick collaboration or a large conference, Jive supports your interactive work. Jive also helps support a healthy workplace by offering a wide range of shapes, sizes, and bases—whatever is most comfortable and efficient. As needs change, Jive makes it easy to reconfigure rooms or floorplates. With thoughtful finish and color options, Jive integrates seamlessly in the workplace.

Jive offers a variety of top shapes, bases, and heights to promote various postures through out the work day. The variety allows for integration into any environment. Pictured: Two Jive rectangular 30 x 72 inch tables with a Neo Walnut laminate worksurface and a 36 inch high Metallic Silver base. Jive rectangular 48 x 96 inch table with a Neo Walnut laminate worksurface and a 29 inch high Metallic Silver base.

Distinctive style

Refined, practical design features distinguish Jive. Sculpted die-cast aluminum feet form a stable foundation. Columns can be round steel tubes or elliptical extruded aluminum. Table heights range from 16-42 inches, whether the base is on casters, glides, or as a disk. Bases are Metallic Silver, Metallic Champagne, Plaster Smooth, Charcoal, or Smoke.

Worksurface options

The 15 worksurface shapes are offered in standard Haworth laminate and veneer with edgeband and knife edges. Sizes range from a 24 inch round worksurface, to a 54 x 216 inch conference table.
