Wit<sup>®</sup>

SitOnIt • Seating<sup>®</sup>

# A blueprint for coziness

Experience a whole new Wit with enhancements that draw on white, black and grey tones for in-style, on-trend alternatives to vibrant hues. Four soft woven meshes, two cool colored frames, upgraded casters and more create the kind of carefree comfort to make every day feel like work-from-home.

## Mobile, adaptable and comfortable

Gone are the days where you clock in, stay in your cubicle and clock out.  
Dynamic environments call for adaptable seating that rolls with the punches.  
Our Wit family does exactly that. Because this is a design inspired by  
truths about how people work.

## Long meeting friendly

Welcome to your new favorite conference room. Discover breathable, ergonomically crafted support that keeps you comfortably cool and an intuitive, swivel-tilt mechanism that adjusts as you shift positions.

## The new way to work

Today's ever-changing marketplace calls for flexibility. Teams need to be able to set up shop anywhere—and at any time. All of our Wit task models are easily adjustable so anyone can find a seat, settle in and get right to work.

TEXTILE: SitOnIt Seating Spice Caraway (seat), Electric Blue Mesh (back)

TEXTILE: SitOnIt Seating Venice Mainstream (seat), Nickel Woven Striped Mesh (back)  
 TEXTILE: SitOnIt Seating/ Burst Cornerstone (seat), Frost Woven Striped Mesh (back)

## Find your sweet spot

Good back support feels different for everyone. That's why an easily adjustable lumbar mechanism (available in three different frame-matching colors) comes standard on all of our task models—so any Wit can become your Wit.

## Bring it

On any given day, you may be working in multiple places throughout the office. Stay quick on your feet—and ready for anything—with the easy-grip, built-in handle of the Wit.

TEXTILE: SitOnIt Seating Element Onyx (seat), Onyx Woven Striped Mesh (back)

## Performs well under pressure

The slim yet plush dual density foam seat cushion combined with the sloped design of the waterfall front edge help relieve pressure on the legs, promoting circulation and allowing you to sit comfortably for longer periods. So go ahead and take that long lunch. We got you.

## Color theory 101

With our user-friendly ChairBuilder+ tool, you can specify the exact look you want. Choose from 16 mesh back colors, 12 Thintex back colors and thousands of textile options for the upholstered seat. Additionally, choose from nine plastic seat colors for the side chair model.

### WIT WOVEN STRIPED MESH

Available on task chairs and task stools.

### WIT FAMILY MESH/THINTEX COLORS

## WIT TASK

**MIDBACK STOOL**

**HIGHBACK**

**MIDBACK**

**SIDE CHAIR**

### Thintex: The triple threat

**THE FRONT:** A design layer in breathable mesh or sleek Thintex fabric that's easily cleanable and durable

**THE MIDDLE:** A super-comfortable layer for that plush, pillowy feel

**THE BACK:** A high-performance mesh layer that feels like memory foam and springs back for extra support

## Where you'll find us

Your go-to search engine. An iconic surf brand. An LA-based, high fashion house. A sassy beauty and cosmetics boutique. What do all these offices have in common? Our Wit—customized down to the last detail for each environment's unique needs. Versatile by design? We'd say so.
