Global Footprint, Made Locally

We build to order design driven custom architectural acoustical solutions in each market that we serve globally, locally made to your design. This is our business.

EzoBord has expanded its regional manufacturing footprint into 5 countries around the world and invested in each region where we sell our finished products. Each regional EzoBord partner possesses a deep understanding of their local market, its trends, and their clients' unique project goals.

Manufacturing and distribution occur at a regional level, employing local skilled labour and resources, enabling us to reduce transportation distances and ultimately, dramatically reduce our carbon footprint.

Having this level of autonomy, means our local teams can respond quickly, remain agile, flexible, and easily contactable as the demands of a project change, but always operate with the full support of EzoBord globally and every employee lives nearby.

CEILING S

SUMMIT

Inspired by the Rocky Mountains, Summit offers six designs that offer both aesthetic solutions to ceilings, and acoustic performance to every environment.

Summit provides a designed solution for acoustical control. Architects and designers choose Summit for treatment of excess reverberation in mid and high frequency range. Placed above workstations, meeting tables and shared work areas, Summit is an effective remedy for noise.

EzoBord Summit can be customized with a wide variety of colors and further personalized with colored end caps and printed woodgrain finishes. Our business is creating a bespoke product that reflects our client's personality.

STANDARD SHAPES

RAIL LIT

With Rail we are going beyond illumination for interior spaces. True to our acoustic roots, we incorporate the performance of EzoBord material to LED technology providing a synergistic relation between acoustics and lighting as a solution to high-end noise levels, reverberation and poor lighting issues common to open spaces.

LIGHTING

RAIL UNLIT

Rail Unlit is a great solution to control spaces with high indexes of reverberation. Rail Unlit shape optimizes the NRC performance of very room. This product can be used in hospitality and office spaces.

Rail Unlit can be specified in various lengths ranging from 2 feet to 8 feet, and three heights (8,12,16) inches, giving you the possibility to create unique baffle arrays.

In terms of finishes and colors we are introducing our new woodgrain selection (see colors-finishes).

DIMENSIONS

CONFIGURATION OPTIONS

EZO ON EZO

ezo on ezo gives you style, depth and sound absorption while adding visual appeal, making every office space a better place to work in.

Absorb sound and create visual interest with all in one simple solution...

EzoBord's 'ezo on ezo' product range layers our popular Work Zone Divider patterns on a second layer of contrasting color EzoBord, creating a 3 dimensional, colorful appearance while adding significant sound absorption in your open space.

STANDARD SHAPE

GEO TILES

EzoBord Geo wall tiles are available in a wide array of shapes and sizes that can be easily installed in endless patterns while controlling room acoustics.

A new generation surface material that both absorbs noise and is fully tackable.

EzoBord Geo Tiles allow for endless patterning and are offered in a wide range of colors to be applied in any combination imaginable. Geo Tiles are super light weight and easy to install with optional pressure sensitive ezoTape on virtually any surface.

STANDARD SHAPE

WORK ZONE DIVIDER

EzoBord Work Zone Dividers add privacy, color and style, making every office space a better place to work in.

Divide space, absorb sound and create visual privacy all in one simple solution...

EzoBord Work Zone Dividers are cut in various shapes and patterns ranging from organic shapes to geometric shapes to cityscapes. A great way to define space quickly and cost effectively.

FULL SHEETS

This product is the perfect cladding for a high reverberation place. The full sheets are a fast, cost-saving option to achieve acoustic comfort. Our full sheets can be specified in any of our 30 colors and are easy to install using ezoTape. We are providing a new generation surface material that both absorbs noise and is fully tackable.

OFFICE

SUSPENDED OFFICE

There really isn't a "one size fits all" solution, privacy encompasses many different needs and behaviors, each form of privacy - acoustical, informational or visual, helps people to feel free, to share ideas and to make work visible.

Designed in collaboration with B2Lab, Suspended Office is an ecosystem of spaces that re-define the privacy of the work area and shape collaborative work.

Featuring EzoBord acoustical surface materials in a variety of visually interesting patterns, colors, and configurations that perfectly balance design and functionality.

HOODY

Instantly transform your open plan office space into individually separated, quiet workspaces with EzoBord's modular Hooded Desk divider system nicknamed "Hoody".

The "Hoody" installs in seconds without the use of any tools and fits onto any new or existing desking/benching system. Compatible with virtually any manufacturer including all major office furniture brands.

CONFIGURATIONS

WIDTH

Hoody-Tall (48")
Hoody - Grande (60")
Hoody - Venti (72")

SINGLE HOODY

'Hoody's' can be added in seconds to any fixed height or adjustable height desks. No tools required.

LINKED HOODY'S

For fixed height workstations, infinitely link 'Hoody's' together on any fixed height bench system

MULTIPLE INDEPENDENT HOODY'S

For use with height adjustable desking applications. Configurable in rows or back to back creating left/right and vertical social barriers. Add as many 'Hoody's' as you require.

DESK DIVIDERS

EzoBord Desk Screens are a great way to absorb sound, add privacy, color and style in any open plan workspace, enhancing speech intelligibility making every office space a better place to work in.

EzoBord desk screens are a welcome addition to any open plan office and are totally customizable for size, shape, hole pattern and color. They are also available in single or double layer to fit any budget or design. EzoBord desk screens are a great, eco-friendly alternative to fabric-covered desk screens.

OBI

MOBILE WHITE BOARD SYSTEM

Obi Mobile office dividers are the perfect way to instantly transform any space into places where people meet collaborate, share and learn.

Ruggedly built, totally mobile and 'nestable', OBI Office Dividers feature EzoBord acoustical surface materials and are available in a variety of visually interesting patterns. OBI office dividers are also available with magnetic rewriteable surface options and shelf and file storage options making them perfect for mutli task/meeting environments
