

borough lounge

borough lounge

product information

Borough is a collection of hospitality-oriented elements set to enhance our daily experience as we journey between our destinations. The Borough lounge pieces raise the bar of a modular seating collection with elements that bring home into the workplace. Set on a 44-inch-width module with a multitude of materials, Borough extends the possibility of choice with ease of planning.

Borough's two back styles — angled for a more residential public space or the straight back for perimeter or banquette planning — bring an elegance paired with functionality to enhance any environment.
