## product information

Havn is a Scandinavian-inspired seating collection comprising a winged lounge chair and settee. In Danish, "havn" means harbor, suggesting that this lounge chair is a good place to "dock" during the day with a coffee or a book. It's a retreat from the norms of everyday work. Havn enables open lounge settings, or focused work with its high back. A highly sculptural back that nestles in the craft-oriented frame somewhat "pinches" it together to make the upper form. The back is wrapped organically within the wooden frame, surrounding a soft bolster pillow for comfort. The curved wooden frame cradles the upholstered seat with a carefully crafted void in the rear that makes it visually stunning.
