

rec worktables

rec worktables product information

Designed by Christophe Pillet, Rec worktables are inspired by the raw, rectangular worktable from the industrial age, Rec creates high work postures ideal for today's social spaces. Rec worktables provide compelling high work settings for the more active worker and creative types – those who need to sit or stand and accomplish solo, heads-down work. Rec supports applications that serve both perimeter and open space planning, for personal touchdown, quick gatherings and longer-term collaborative work scenarios.

Rec worktables are offered in three popular heights. Two top styles in multiple sizes are available in linoleum, laminate and veneer. Three base styles are finished in 16 powdercoat colors.
