MOTUS

MOTUS adaptable folding tables and mobile accessories allow an effortless transformation from boardroom to flexible, multi-use space.

MOTUS pairs uncompromised aesthetics with an innovative and intuitive interface to redefine reconfigurable tables. Table ganging, caster locking, leveling, cable management, and power distribution have all been thoughtfully engineered to optimize user experience. Every facet of performance in multipurpose space has been considered and enhanced in the patented design. MOTUS delivers advanced function within the form of a design classic.

Patent No. US8359983 B2
