

NEW MILLENNIA

H A L C O N

## NEW MILLENNIA

Designed by Frederick A. Poisson, Millennia's clean lines and integral wood finger pull have been an office furniture classic for over thirty years. This collection offers expansive solutions for the private or open office with modern aesthetics and timeless appeal. It's a New Millennia.

Dual adjustable-height surfaces in Smoked Walnut maximize work zone efficiency.

LEFT | Millennia features clean lines, integral finger pulls and the first beautifully proportioned adjustable-height wood desk.

RIGHT | Continuous floating shelves feature recessed integral LED task lighting.

Designed to perfectly meet user needs, Private Offices feature grain-matched Quarter Cut Figured Walnut.

Project design | Gensler

Double workstation in Silver Sycamore showcases the perfectly balanced and sequence-matched veneers provided for every HALCON office suite.

LEFT | Filing, shelving, computer, printer, and waste storage options featuring an integral centerline finger pull across all components.

RIGHT | Perfectly mitered casework and joinery create pure modern forms.

Adjustable-height desking and guest seating seamlessly integrate into a timeless, modern design.
