

8-Trac

BYRNE

8-Trac[®]

Byrne 8-Trac is designed to adapt to all architectural elements. It's ideally suited for furniture, ceiling applications, floor to ceiling partitions, and raised floors. The system will accommodate panel applications 2" to 3.5" with harnesses available from 12" to 1800" in length. Byrne assemblies are 100% electrically tested to ensure the highest quality and reliability.
